CELLAXY AT THE PRINT4ALL

HELL presents laser engraving in Milano

The Print4All printing and converting trade fair will take place in Milano from 3 to 6 May.

HELL will present laser direct engraving together with its partner ETS. After a break of 2

years due to Corona, this is a very welcome opportunity to get in direct contact with our customers again. So come and visit us!

Hall 9 Stand C01/D02

The collage features four distinct images. The top-left image is a logo for 'PRINT4ALL Milano, 3 to 6 May 2022' with a green and grey color scheme. The top-right image shows a large, modern architectural structure with a glass and steel facade, likely the entrance to the trade fair. The bottom-left image is a photograph of a trade fair booth for Cellaxy, with several people standing around a machine. The bottom-right image is a product shot of a Cellaxy C500 laser engraving machine, showing its front panel and the 'Cellaxy' logo.

HELL

CELLAXY PRODUCTION IN FULL SWING

For the first time 5 Cellaxy were produced at the same time

Direct laser engraving for gravure printing and embossing is noticeably picking up speed:

For the first time, 5 Cellaxy were recently produced simultaneously in Kiel.

5 GOOD REASONS SPEAK FOR A SUBSCRIPTION

It's current: The newsletter provides the latest information on products and services of the Heliograph Holding companies.

It's comprehensive: You gain new insights into the current developments of the Heliograph Holding companies.

It's modern: Read all news in a clearly structured presentation with a modern look.

It's fast: You immediately get the content you want – without long downloads or tedious file-handling.

It's easy: Register simply and quickly.
