TOP PERFORMANCE IN DIRECT LASER ENGRAVING

HELL has manufactured 200+ laser heads

In addition to the worldwide unique know-how in the production of engraving systems for the electromechanical engraving of gravure cylinders, laser direct engraving has been HELL's second core competence for several years. In the meantime, more than 200 laser heads for direct engraving in relief and gravure printing have been manufactured in Kiel.

200+ laser heads manufactured!

ANOTHER CELLAXY IN THE NEW XL FORMAT

At short notice a group photo was taken

Another Cellaxy in the new XL format left our site recently. The recipient was german gravion GmbH & Co. KG. The session for taking product photos was also used to take a group photo of the colleagues from the departments involved (construction, R&D, laser laboratory, production and application).
